About This Game

Aetheria is an MMORPG which focuses on challenging dungeons, cooperative group play, fast paced PvP, and important crafting elements. Aetheria utilizes action combat, which means no targeting and no standing still while casting, ever! This makes for an intense situation every battle, whether it be with other players or with fierce monsters. The land of Aetheria is unforgiving and harsh, so make sure to bring friends and guildmates on your journey.

Dungeons

Dungeons in Aetheria feature complex boss mechanics and require at least 5 players to defeat them (Some will require 10 or more!). The rewards are great, but failing to execute mechanics will result in death!

Player vs Player

Fighting other players in Aetheria can be done in a PvP arena or via Guild Wars. Combat is fast and requires quick reflexes to destroy your foes. If you are victorious, special rewards are bestowed upon you!

Crafting

Crafting is an important focus in Aetheria. Some of the most powerful weapons and armor can only be crafted. Crafting also is highly integrated into the progression of the story-line.

Achievements

Achievements are an extra milestone for players wanting to show off their skills in Aetheria. With categories ranging from Crafting and Exploration to Dungeons and Quests, there is a fun achievement for all types of players! Achievements also allow guilds to climb the ranks, as the total achievement points of all members influences your guild score!

Costumes

Costumes in Aetheria allow you to override the appearance of any of your current armor or weapons with any other piece of gear or costume item in the game. Customize away!

Familiars

Each class and specialization in Aetheria has a unique familiar which can be summoned to fight beside you in battle against other players or monsters. These little creatures can pack a punch, so make sure to utilize them at all times!

Quests

Aetheria features hundreds of quests which will require you to craft, kill, collect, interact, and much more. Rewards for completing quests are important and some are even necessary to enter various parts of the world!

Guilds

Conquer the world of Aetheria alongside your friends by creating or joining a guild! Guilds are a great way to keep in touch with friends. Guilds can also enter into war, making nearly every area of the world open for combat for warring members. War stats are tracked and even influence the rank of your guild.

Other Features

Nearly 2000 Unique Items

Trading
Parties
Talent Trees
5 Unique Classes with 2 Specializations Each
Frequent Updates

Aetheria Update #19:

You can find the patch notes for the 19th Aetheria update below. This is a smaller update, as most of the development effort has been focused around new content as of late. Enjoy!

This update will be live March 16th, 2019 @ Noon CST

- Added chat bubbles over players' heads. This can be toggled on or off via the system menu options
- Added improvements for login stability
- Fixed a bug which caused trees and other recently harvested resources to sometimes cause invisible walls
- Adjusted the exit coordinates for the Darkmoore War Wing so players would not teleport immediately back into the War Wing.

. Patch Notes February 9, 2019:

Please see below the patch notes for the update on February 9. This update attempts to address latency and several other issues present in the game. This update requires an update to the game client, so please make sure you have the latest installation for Aetheria. For further discussion, please join the discord <https://discord.gg/FQ4syaU>
Thank you and enjoy!

- Fixed a bug which caused the Darkmoore Twins to attack players outside of their room
- Fixed a bug with Sunken Jewelry set effects which caused bubbles to target players or monsters on other maps
- Fixed a bug causing mobs to be invisible to the player
- Reduced the amount of packets sent to the player to improve server performance
- Increased General Razorbone's health pool slightly

. Aetheria Update #20:

Aetheria's 20th update will go live March 23rd, 2019 at 4:00pm CST. You can find the patch notes for the update below. Enjoy!

- Increased AFK Timeout to 20 minutes, up from 10 minutes
- Added a small buffer time between Razorbone's Sword Throw and Bone Storm
- Added a stretch fullscreen option on launch
- Changed the Darkmoore Twins Summoning Tome Recipe to require 120 Arctonian Ore instead of 60 Arctonian Ingots

In other news, the "Elemental Disparity" content update progress is estimated at 35% complete with a target release date in early June. I cannot wait to share this update, as it has some neat and fun additions to the game.

Thanks!. **Easter Event!:**

This update will be live April 6th at Noon CST

The Easter Bunny has made his way to Aetheria! For a limited time, players will be able to find special Easter Eggs all around the world by slaying fearsome monsters. Consuming the eggs will grant a special combat buff for a limited time, so use them wisely and stock up while the event is on. The rarest egg of all, the Golden Easter Egg, can be traded to the Easter Bunny for a special costume, so keep an eye out for this special drop.

Happy Hunting!

Update Notes:

- Added the Easter Bunny NPC in the town of Redwater
- Added the Strong, Agile, Smart, Robust, and Golden Easter Eggs to all monsters's loot tables
- Added a new costume available from the Easter Bunny

. **Development Update:**

The Aetheria Easter Event is officially over and I hope everyone enjoyed the new costumes and consumables which came with the event. If you missed it, don't worry, it will be back next year!

Along with the small update to disable the Easter Event today, Battle Stimulants saw a reduction in their price from 3 badges to 1. This should make the consumable more accessible to everyone who enjoys PvP.

Next, I wanted to share an update on the new expansion, Elemental Disparity. Estimated completion is around 70% and the target release date is still the first half of June. Below you can find a high level list of what is 'done' and what is still in development.

What is done:

The Maps - Including the town of Greenwell and the new dungeon map

All Professions (Level 60 to 90)

Non-Boss Monsters

All Equipment/Loot

Npcs

New Profession Cosmetics

New PvP Cosmetics and Rewards

Quest Planning/Design

What is not done:

5 new dungeon bosses

1 new spell per class

2 new talents per class

Quest implementation

Re-balanced stat formulas

Thank you everyone for enjoying Aetheria!. **Bound in the Depths Event!:**

Bound in the Depths. Patch Notes Feb 5, 2019:

Please find below the patch notes for the update today. Thanks!

- **General Manabone and General Razorbone both received damage increases**
- **Fixed a bug which caused doors to get stuck after defeating a boss**
- **Players will now be moved if they are standing in a doorway of a boss when it is aggro'd**
- **Added more server side optimizations**
- **Slightly increased database performance server side**
